

# Need New Options When Reformulating for Texture and Stability?

Following our commitment to innovation and excellence, Colony Gums proudly introduces Sim-Plete® to our product line. By using simple ingredients we provide complete solutions for all of your formulating and reformulating needs:

- ✓ Consumer demand for simple & recognizable ingredients
- ✓ Market shortages and price increases

For more than 80 years and four generations, we have been the trusted source for stabilizer blends and hydrocolloids. For samples, customized solutions or to learn more, **please contact us today:**
